Re: Land Combination – 7225 North Santa Monica Blvd

An application was submitted by Jennifer and Steven Crooks, owners of the property at 7225 North Santa Monica Boulevard, to combine the lots on their properties. The parcels were originally platted to include portions of two separate lots and the Applicants are requesting that the two parcels as shown on the Plat of Survey (Attachment A) be combined and that one lot be created as shown on the Certified Survey Map (CSM) (Attachment B). The Applicant has submitted this application in accordance with Section 738 of the Village Code.

Based upon correspondence from the Village Attorney, it is my understanding that the application requires a filing fee (\$300) and the appropriate CSM but does not require an appraisal as it is a land combination nor notice to property owners within 500 feet of the proposed land combination. As the filing fee has been paid and the Plat of Survey and CSM have been submitted depicting the land combination, it appears that the requirements for the land combination have been met and, therefore, is referred to the Plan Commission for action on the matter. It is staff's recommendation that the CSM be approved subject to the Applicant submitting the CSM for signature by the Village President and Clerk/Treasurer and filing the CSM with Milwaukee County Register of Deeds.

To whom it may concern:

Good afternoon,

As the owners of 7225 N Santa Monica Blvd, Fox Point, WI 53217. We are requesting that the two lots that our property is sitting on be combined to a single lot. Upon the village's request I am submitting a Platt of Survey as the property currently sits as well as a CSM showing the property and lots after the change.

Should more information be needed to make and approve this request kindly reach out to me at the contact information provided below.

Thankyou,

Steven and Jennifer Crooks
